# What is Pay for Success?

A contracting model that ties funding for an intervention to its true impact in the community.

## 1. PFS Agreements

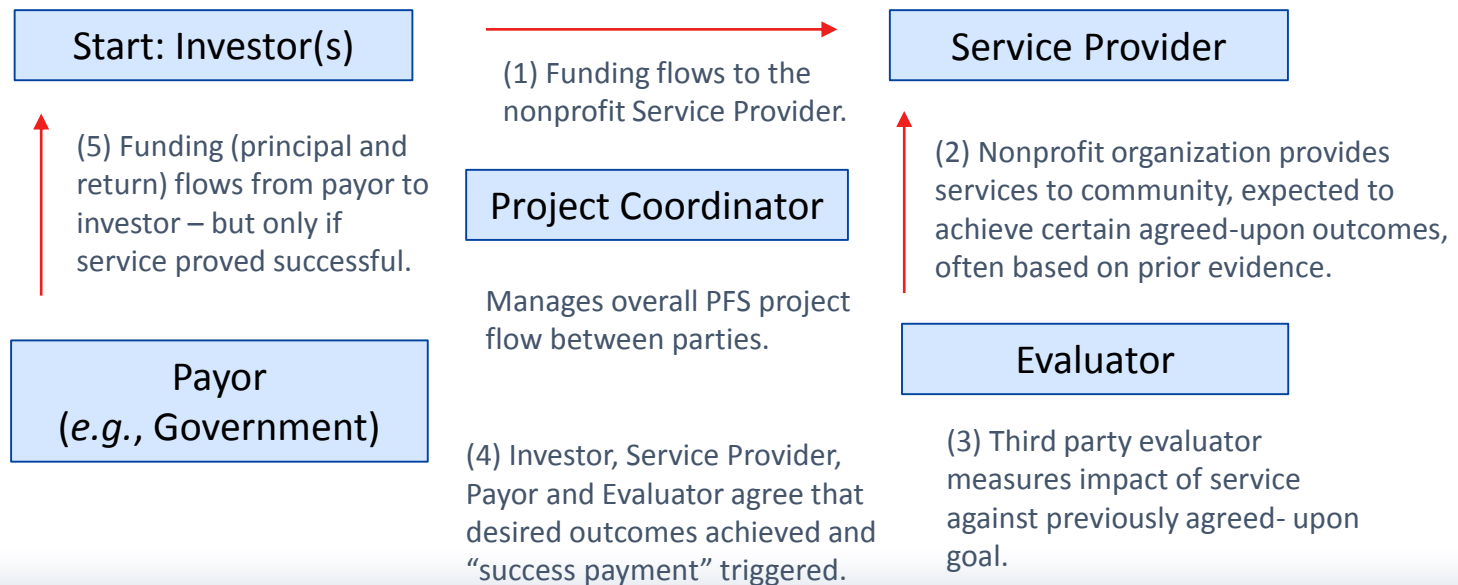

- Ex: Performance-based contracts
- Payors and Service Providers agree that services will not be paid until agreed-upon set of outcomes has been achieved/verified.

## 2. PFS Financing

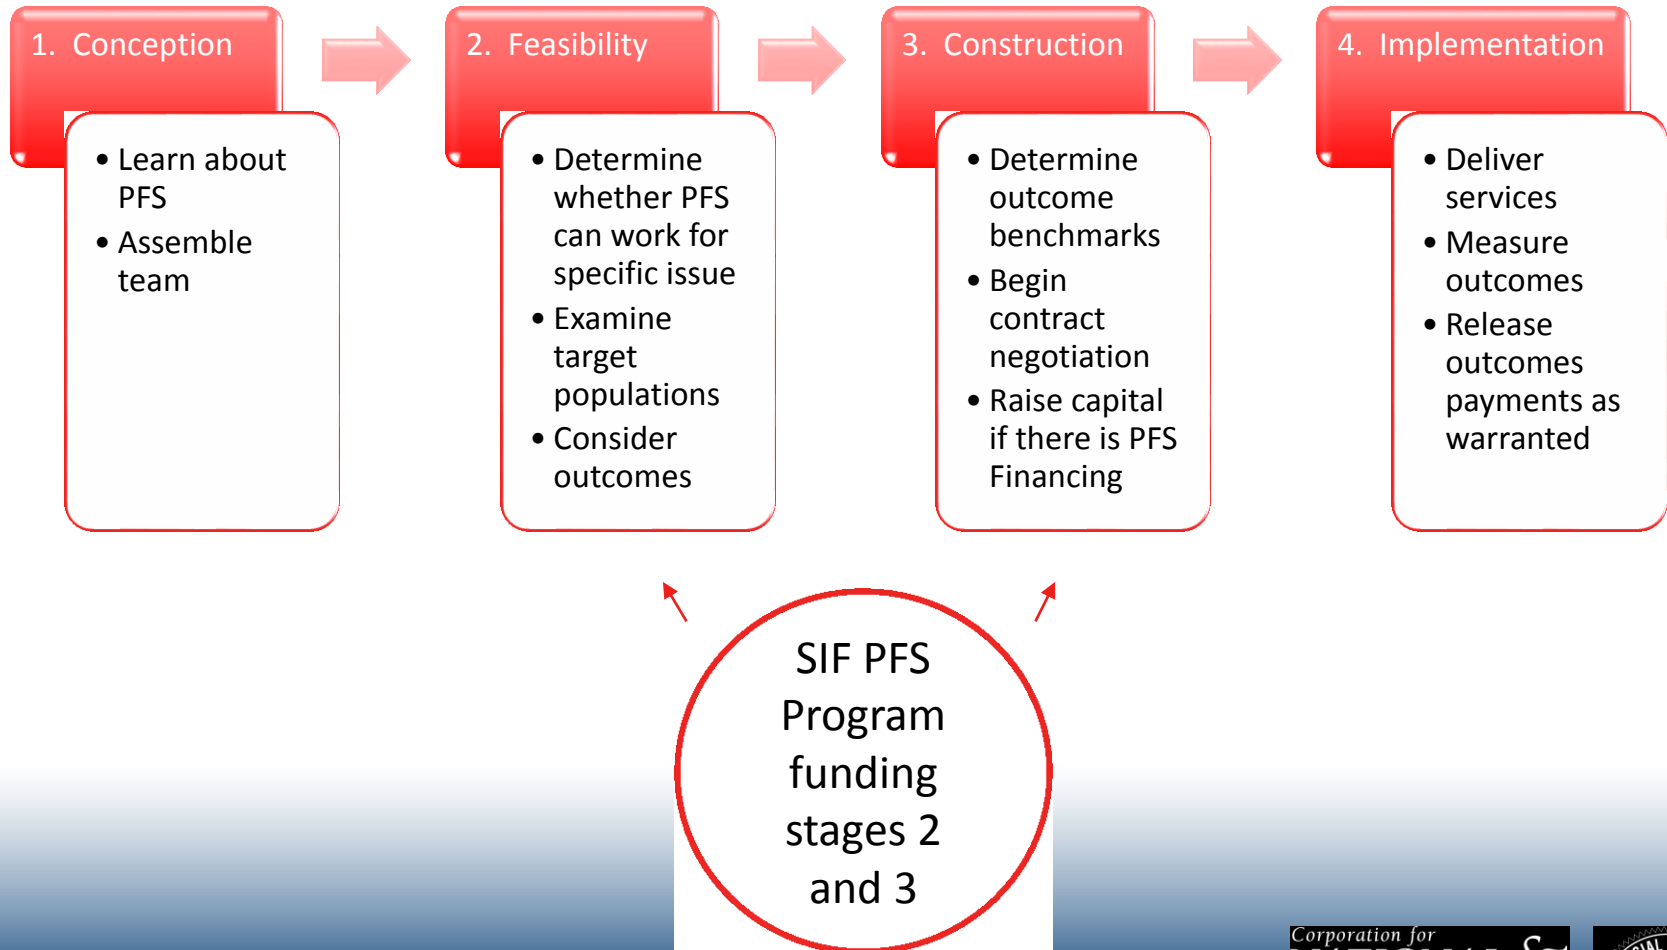

- Ex: Social Impact Bonds (SIBs)/Outcomes Financing
- Third party investor fronts capital to service provider.
- Payor repays Investor only when outcomes have been achieved/verified.

# Why the SIF?

“The bottom line is clear: **solutions to America’s challenges** are being developed every day at the **grass roots** – and government shouldn’t be supplanting those efforts, it should be **supporting those efforts**.

“Instead of wasting taxpayer money on programs that are obsolete or ineffective, government should be seeking out **creative, results-oriented** programs ... and helping them **replicate their efforts** across America.”

*-President Obama, June 30, 2009*
